Earth Day Planning Continues

For Immediate Release
Contact Jeff Buell- 270-4554

(April 8, 2005- TROY)- The City of Troy is continuing the plans for Earth Day on April 30th, and will hold a final meeting next week.

The project list in the City continues to grow, but more volunteers are needed. Anyone interested in planning a project, and participating in another group, should contact Jeff Buell at 270-4554. Volunteers can also contact project leaders from the list below.

There will be a final Earth Day Meeting this Wednesday at 6 p.m. in the Mayor's Office Conference Room. At the meeting the City needs a final count on the number of t-shirts needed, as well as any additional projects.

"We're sure that Earth Day will again be a great success in 2005," Mayor Harry J Tutunjian said. "The more volunteers we have, the more work we will be able to accomplish, so make sure you clear your calendar for April 30th and help keep the City of Troy clean."

The City also has announced that the Alamo, located in South Troy across from the Rensselaer County Jail, will be open for trash disposal on Earth Day from 9 a.m. to 3 p.m. The following items are not allowed at the Alamo- renovation material and toxic waste. There will be a \$2 charge for tires.
